## General Information

Your portfolio should be in **PDF format,** and it can be **up to 100MB in size**. All other documents should not be bigger than 2MB; your motivation letter and CV should be in PDF format, a copy of your diploma, language certificate and recommendation letter can be in PDF, JPG, PNG.

If you need to submit a **larger file** (such as videos, audios, photography series, etc.), please use one of the freely available platforms such as **Youtube, SoundCloud, Vimeo, Google disc, Dropbox or your own website** and include **the links** in the PDF portfolio. Always make sure that the link works.

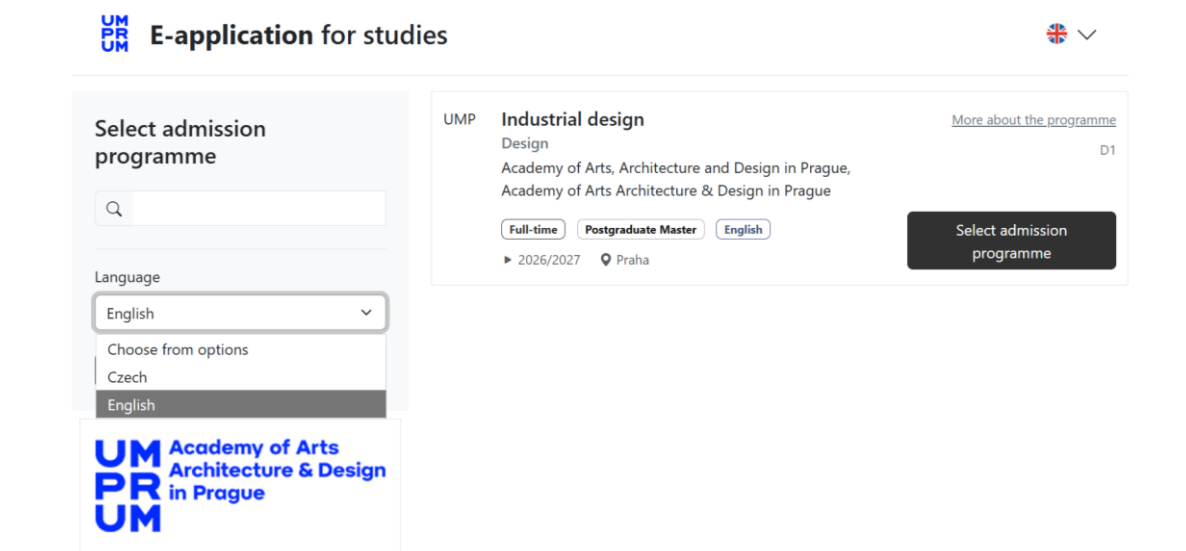

Submitting an electronic application

1. Click on this link. This is the page you will see. Click on Submit the application button.

2. Select the admission program in English. You will see a list of studios you can apply for. Choose the one you are interested in pursuing your master´s degree in. Then click on Select admission programme.

3. You will be asked to log in to electronic application for study by entering your email address. Enter your email address and click on Continue button.

4. You will find the access link in your email address you have entered into the electronic application. Open your email account and click on the link you received.

5. After clicking on the link in your email address, you will see this page. Skip the Czech text by clicking on the Proceed button.

6. Start uploading the files required in the application. Follow the instructions on the size of the files.
